CALL FOR PAPERS

Web: http://www.comp.sd.tmu.ac.jp/CcS2020/

Recently, the importance community-centric systems (CcS) is increasing as a new paradigm in highly aging society. The emerging synthesis ICT, and robot technology (RT) is one of the most promising approaches towards information support for the next generation in both personal and public areas. Human-centric systems (HcS) can enhance the accessibility and usability of complicated systems and devices supporting human activities, communication, and interactions. Furthermore, the HcS can improve quality of life (QOL), in particular, information support, physical care, and mental care to maintain autonomy and independency in activities of daily living. If the improvement of QOL is done by the bottom-up construction, QOC can be considered as a top-down constraint to the human daily life. Another issue is that demands in improving QOL and QOC can differ from region to region and from community to community. Novel techniques are necessary for solving the problems related to QOL and QOC. CcS 2020 invites papers on community-centric systems with particular interests in the following topics:

- Enhancement of Quality of Life and Quality of Community
- Social Communication, Social Computing, and Social Intelligence
- Decision-Making and Mutual Assistance in Community
- Social Networking Services and Mobile Technologies
- Community Creation and Community Monitoring
- Healthcare, Healthy Aging, and Healthy City
- Information, Communication, and Robot Technology
- Disaster Prevention Systems and Disaster Mitigation Systems
- Ubiquitous Computing, Ambient Intelligence, and Sensor Networks
- Analysis and Visualization of Community $\,$
- Assistive Devices and Inclusive Design
- Developmental Support Robotics
- Social Robots and Communication Robots
- Computational Systems Rehabilitation
- Multi-agent Systems and Group Behaviors
- Disaster Information Systems
- Computational Systems Care
- Group Dynamics and Evacuation Dynamics

The Banquet will be held at **Sanrio Puroland** on September 24, 2020. http://en.puroland.jp/

Contributed Papers: http://www.comp.sd.tmu.ac.jp/CcS2020/PaperSubmission.html

The maximum length for the manuscript is typically 6 pages in IEEE manuscript templates (https://www.ieee.org/conferences/publishing/templates.html). All presented papers will be submitted to IEEE Xplore. Selected quality paper will be recommended for CcS 2020 special issues of Journal of Advanced Computational Intelligence and Intelligent Informatics with further review.

Special Sessions: http://www.comp.sd.tmu.ac.jp/CcS2020/SpecialSessions.html

The conference features special sessions focusing on new research topics and innovative applications. Papers in these sessions undergo a regular review process as those in general sessions. A special session has to contain at least four papers. Prospective organizers are invited to contact special session chairs to propose tracks with the title of the session, its scope, list of topics, and organizer names, by March 1, 2020. Each special session may have an invited talk as well. If the organizer(s) is(are) interested in an invited talk, please contact the special session chair (Zhaojie Ju, University of Portsmouth, UK, zhaojie.ju@port.ac.uk and special session co-chairs (Takenori Obo, Tokyo Polytechnic University, Japan, tobo@cs.t-kougei.ac.ip and Kurnianingsih, Politeknik Negeri Semarang, Indonesia kurnianingsih.k.id@ieee.org).

Advisory Committee

- Toshio Fukuda, Meijo University, Japan
- Yutaka Hata, University of Hyogo, Japan
- Levente Kovács, Obuda University, Hungary - Honghai Liu, University of Portsmouth, UK
- Ahmad Lotfi, Nottingham Trent University, UK
- Chu-Kiong Loo, University of Malaya, Malaysia
- Junichi Yamamoto, Keio University, Japan

For further information, please refer to e-mail: ccs2020-oc-ml@ml.tmu.ac.jp

Organizing Committee

General Chair:

- Naoyuki Kubota, Tokyo Metropolitan University, Japan

General Co-chairs:

- Toru Yamaguchi, Tokyo Metropolitan University, Japan
- Sunu Wibirama, Universitas Gadjah Mada, Indonesia
- Byung-Jae Choi, Daegu University, Korea

Program Chair:

- Yasufumi Takama, Tokyo Metropolitan University, Japan

Program Co-chairs

- Naoyuki Takesue, Tokyo Metropolitan University, Japan
- Syoji Kobashi, University of Hyogo, Japan

Special Sessions Chair:

- Zhaojie Ju, University of Portsmouth, UK

Special Sessions Co-chairs:

- Takenori Obo, Tokyo Polytechnic University, Japan
- Kurnianingsih, Politeknik Negeri Semarang, Indonesia

Award Committee Chair :

- Chang-Shing Lee, National University of Tainan, Taiwan

Award Committee Co-chair :

- Jinseok Woo, Tokyo University of Technology, Japan

Workshop Chair:

- Kazuyoshi Wada, Tokyo Metropolitan University, Japan

Workshop Co-chairs:

- Janos Botzheim, Budapest University of Technology and Economics, Hungary
- Emmett Kerr , Ulster University, UK

Publication Chair

- Takahiro Takeda, Daiichi Institute of Technology, Japan **Publication Co-chair:**
- WeiHong Chin, Tokyo Metropolitan University, Japan

Publicity Chair:

- Takeo Ainoya, Tokyo Metropolitan University, Japan

Publicity Co-chairs

- Simon Egerton, La Trobe University, Australia
- Lieu-Hen Chen, National ChiNan University, Taiwan Financial Chairs:
- Eri Sato-Shimokawara, Tokyo Metropolitan University, Japan
- Yasunari Fujimoto, Tokyo Metropolitan University, Japan

Important Dates

March 1, 2020
Organized Session Proposal

April 1, 2020 Deadline for Full paper Submission

June 1, 2020

July 1, 2020

Notification of Acceptance | Early Bird Registration

July 15, 2020

Deadline for Final Manuscripts

23rd-25th September2020

CcS 2020

Tokyo, Japan
